# OYELAMI F. FIYINFOLUWA

Address: Eyiwolu layout, Ladigbolu Oyo State, Nigeria, Date of Birth: July 6th 1995,
Mobile: 08167187102, Email:Oyelamifiyin@gmail.com

## SUMMARY

To obtain an entry level position in the Data Science and Analytics field where I can utilize my education and experience to contribute to an organization operation and growth.

## TECHNICAL SKILLS

### Programming Language
- Proficient with Python, Spark, Sql, C#, Html, CSS, bootstrap

### Analytic Tools
- Microsoft Azure ML Studio, Power BI, Hadoop, Ms Excel, Weka.

### Database
- Oracle Sql Developer, Sql Server, Ms Access

## WORK EXPERIENCE

**Data fellow**                                                        Nov 2018 – May 2019

*Insight2impact, Nigeria*

- Built a predictive model for a HMDA reported Mortgage loan Application

- Analyzed and predicted the sales data of an automobile dataset

- Actively took part in an Ai driving Olympics for self-driving cars hosted by Duckietown foundation.

- Properly used machine learning algorithm such as logistic regression, Tensorflow, KNN, Random forest, Support vector machine, linear regression etc for predictions

**IT Specialist (***Youth Corper***)**                                Jan 2016-Nov 2016

*Nabteb Hq Benin, Nigeria*

- Part of a team designated to plan and implement a web based cbt exams for the organization

- Managed the board websites by controlling slots of electronic scratch card used in purchasing forms

- Troubleshot and configured computer systems, printers, scanners, operating systems in various department in the board

- Actively took part in the board result processing, while working with the software's designed for the result processing.

**Web Developer**                                               **Jan 2014 – Aug 2014**

*Information and Communication Unit, FCES Oyo State*

- Developed and maintained the back-end and front-end functionality of website with Visual Studio.

- Help with training interns and getting them up to speed with web development

## EDUCATION

**Nuture AI6 Bootcamp**                                               July 2018

*Ibadan, Oyo State*

- Machine Learning and Deep Learning Introduction

**University of Ibadan**                                               In View

*Ibadan,Oyo State Nigeria*

- Master of Science (Computer Science)

**Bowen University**                                               2011-2015

*Iwo, Osun State Nigeria*

- Bachelor of Science-Computer Science (Second Class Upper)

## CERTIFICATIONS AND ACHIEVEMENTS

- Microsoft Professional Program in Data Science (*Certified*)

- Cisco Certified Network Associate *(Certified)*

- Oracle 11g: Sql Fundamentals of Query *(Certificate of Training)*

- Global leadership Summit (*Certificate of Achievement*)

- CompTIA A+ (*Certificate of Training*)

- IBM Introduction to Data Science (*Badge of Training*)

## LEADERSHIP AND ROLES HELD

- Public Relation Officer (P.R.O), of the Anti-Corruption Group, at the Community Development Service (CDS), Batch B, Benin, Edo State

- Led a group of fifteen students for final year project at Computer Science Department, Bowen University 2015

- Led a team of ten in carrying out a research on Cloud Computing at Bowen University, 2015

## REFEREE

- Available upon Request
